

M.A. (Mgr) Kamila Belka

tel. +48 42 681 70 07

e-mails: k.belka@erce.unesco.lodz.pl, ehjournal@erce.unesco.lodz.pl

Assistant Editor of *Ecohydrology & Hydrobiology*

Education

- M.A. in geoinformatics, 2005, Linköpings University, Sweden
- M.Sc. in public sector economics, 2004, Warsaw School of Economics, Poland
- Supplementary courses in physical geography, 2001-2, 2009, Warsaw University, Lodz University

Professional experience

- 2010 – now International Institute of the Polish Academy of Sciences – European Regional Centre for Ecohydrology u/a UNESCO, Łódź, Poland
- 2007 – 2010 Regional Office, Department of Geodesy and Cartography, Łódź, Poland
- 2006 Teinbridge District Council, Newton Abbot, UK
- 2006 – 2007 Regional Center of Geodetic and Cartographic Documentation, Łódź, Poland
- 2005 Linköpings University, Department of Computer Science and Technology, Sweden
- 2002 Ministry of Environment, Warsaw, Poland

Projects

- 2010 – now Considering ecohydrological aspects of Vistula River reservoir location and dam construction below existing Włocławek reservoir project, OVE ARUP & Partners International Ltd., communication facilitation and GIS analysis

Courses and conferences

- 2011 Modeling habitat for fish and invertebrates with MesoHABSIM, 24-27 May 2011, EKWOS Grębiszew, Poland, given by Running River Institute, Amherst, Ma USA

Spatial information

- 2010 Conceptual modeling in designing and implementation of geographic information systems "Wszechnica GIS", Institute of Geodesy and Cartography (IGiK), Warsaw, Poland
- 2009 Natural environment management, monitoring and conservation, 4th ISPRS Summer School, ISPRS Student Consortium and Warsaw Agricultural University (SGGW), Warsaw, Poland
- 2009 GIS – an integration platform of geography, A. Mickiewicz University, Poznan, Poland
- 2008 Introduction to ArcGIS Server, ESRI, Warsaw, Poland
- 2005 Creating, Editing and Managing Geodatabases for ArcGIS 8.3, Customizing ArcGIS Desktop (for ArcGIS 9.0-9.1), Learning ArcGIS 8 Spatial Analyst, Getting Started with Surface Analysis using ArcGIS Spatial Analyst, ESRI Virtual Campus
- 2003 Dynamics of sustainable development, Wroclaw Technical University, Wroclaw, Poland

Conferences

- 2009 Modernization of Polish spatial information resources in the framework of INSPIRE, Polish Society of Spatial Information (PTIP), Warsaw, Poland
- 2009 Geoinformatics for environment and society, Polish Academy of Arts and Sciences, Cracow, Poland
- 2007 Cooperation and coordination in geoinformation for sustainable development in Poland and Europe, Polish Society of Spatial Information (PTIP), Warsaw, Poland

Publications

Belka, K.M., 2005. *Multicriteria analysis and GIS application in the selection of sustainable motorway corridor*, Master's Thesis under supervision of Prof. Vivian Vimarlund, Department of Computer and Information Science, Linköpings University, Sweden, <http://urn.kb.se/resolve?urn=urn:nbn:se:liu:diva-4399>.
